

REACH

REACH is a European-wide second-generation incubator for data-fuelled start-ups & SMEs that aims to facilitate the development of trusted and secure innovative solutions based on industrial and personal data.

STARTUPS & SMEs

Discover **#REACH Solution Portfolio** and meet all of our Round 1 **#SMEs**. **32 #SMEs** joined **Reach Incubator** and only **10 proceeded** to go onto **Experiment phase**.

SOLUTION PROVIDERS

The REACH consortium is composed of two main groups of partners. **Be ys Research** is in the core group as a **solution provider**. We allow the incubees to use **Anonymizer and ProRegister products**.

CERTH
CENTRE FOR RESEARCH & TECHNOLOGY HELLAS

DATA PROVIDERS

The **data providers**, provide datasets and challenges for the incubation execution. **Almerys**, our main partner and client is one of them.
